

PROPOSAL FOR TIME BOOKING ON THE ICTS_LNF FACILITIES OF EXTERNAL ACCESS

You accept to include the following sentence in your publications on the results obtained: "**experiments were performed at the LNF_CIEMAT, Madrid, Spain, using scientific instrumentation partially funded with the European Regional Development Fund (the Operational Programme for R+D+i)**" and to associate the people from CIEMAT team who contribute to the success of this experiment into the derived publications. Also, in projects performed in collaboration with local contacts, they should be included as co-authors.

Proposal Title:

Is this a new proposal?	YES:	NO:	Continuation of n°:

List of the participants with complete address:

What date will you be ready to run?
Excluded periods:

PROPOSAL STATEMENTS

The submission of this proposal implies that you certify that the given information is true and complete.

Project brief description: objectives and new aspects

Facility required

	FESEM-FIB Zeiss Auriga Compact:
	SEM
	EDX
	EBSD
	FIB
	SIMS Hiden Workstation
	Profilometer Bruker DektakXT
	Microscopio Confocal Leica DCM8
	Prop. Dieléctricas $\approx 15\text{GHz}$
	Van der Graaff electron accelerator
	Ion implanter

Number of samples to study

If applicable, summary of your previous experiments performed using similar instrumentation.

Data of the funding project this study is framed on

Project name
Project type
Financing source
Starting and ending year

Up to 5 references of your past work most directly related to this proposal

PROPOSAL EVALUATION PROCEDURE

There will be a permanent open call for submission of proposals. The evaluation of the received proposals will be performed by a scientific committee formed by the following experienced scientists:

Dr. Fernando Sánchez Sanz – CIEMAT, Madrid

Dra. Raquel González Arrabal --- IFN, ETSI Industriales - UPM, Madrid

Dr. Rafael Vila Vázquez --- CIEMAT, Madrid

Dr. María González Viada --- CIEMAT, Madrid

Dr. José Ignacio Pastor Cano --- ETSI Caminos – UPM, Madrid

Dr. Alejandro Moroño --- CIEMAT, Madrid

Each research proposal will be sent via email to the following email addresses:

rtt_dtf@ciemat.es

Each proposal will be assessed against the following selection criteria:

- 1.- Feasibility of the experiment (yes/no). In the affirmative case, then ...
- 2.- Scientific quality of the proposal (rank: weak: 0 – outstanding: 5)
- 3.- The need for the use of this advanced infrastructure (rank: weak: 0 – outstanding: 5)
- 4.- Potentiality for industrial interest (rank: weak: 0 – outstanding: 5)

Proposals with a total ranking less than 7 will be rejected. Rejection of a proposal will be accompanied by a report outlining the reasons for rejection.

Accepted proposals will be notified to the user(s) and the main participant will be invited to communicate details to the local contact.
